

HIMANSHU KUMAR

AI & ML Enthusiast | Python Developer | Tech Innovator

417885574 • himanshukumar160077@gmail.com • github.com/himanshukumar-web • linkedin.com/in/himanshu-kumar-813626327 • Ghaziabad, UP

PROFESSIONAL SUMMARY

Curious and self-driven Computer Science Engineering (AI & ML) student at SDGI Global University passionate about Artificial Intelligence, Data Analytics, Software Development, and building impactful technology solutions. Strong foundation in Python programming, machine learning concepts, and prompt engineering. Active hackathon participant with hands-on project experience.

EDUCATION

B.Tech (Hons) Computer Science & Engineering — AI & ML

SDGI Global University

Expected Graduation: 2028

TECHNICAL SKILLS

Programming Languages: Python, C, C++

Web Development: HTML, CSS, JavaScript

AI & Data: Data Analytics, Prompt Engineering, AI Fundamentals, Machine Learning Concepts

Tools & Platforms: GitHub, Canva, Microsoft Office

PROJECTS

Voice Activated AI Personal Assistant

Python, SpeechRecognition, pyttsx3, Automation Libraries

github.com/himanshukumar-web/Ai-voice-Detector

- Developed a smart voice-controlled AI assistant with real-time voice command processing.
- Implemented browser automation, file management, and productivity automation features.
- Built using Python with SpeechRecognition for input and pyttsx3 for text-to-speech output.

NEWS AI Agent — Autonomous News Delivery Agent

Python, NLP, News API, Automation

github.com/himanshukumar-web/NEWS-AI-AGENT

- Designed an autonomous AI agent that fetches live news, analyzes and ranks stories by importance.
- Delivers top 10–15 most relevant news items tailored to user interests using NLP pipeline.

Mental Health CBT Companion

TypeScript, React, AI

github.com/himanshukumar-web/mental-health-cbt-companion

- Built a full-stack Cognitive Behavioral Therapy companion app with AI-driven suggestions.
- Features mood tracking, guided CBT exercises, and personalized mental wellness insights.

E-Commerce Website

JavaScript, HTML, CSS

github.com/himanshukumar-web/E-commerce-website-

- Developed a fully functional e-commerce frontend with product listings and cart management.
- Implemented category filtering, cart state management, and checkout flow without a framework.

Python Task Automation

Python

github.com/himanshukumar-web/task

- Created Python automation scripts for file operations and productivity workflow automation.

EXPERIENCE & HACKATHONS

Volunteer — SGU Hackathon 2.0

SDGI Global University | 2026

- Volunteered for the second edition of SGU Hackathon as organizer and coordinator.
- Managed participant registration, team coordination, and on-ground event logistics.
- Demonstrated leadership and communication skills in a large-scale tech event.

Volunteer — SGU Hackathon 2025

SDGI Global University | 2025

- Assisted in event coordination and participant management for the university hackathon.
- Supported smooth execution of hackathon activities and developed teamwork and leadership skills.

Participant — Rescon 2025 Hackathon

Bennett University | 2025

- Worked on an AI/ML-based Resume Analysis and Optimization Solution at Bennett University (Rescon 2025).
- Collaborated in a team and applied machine learning concepts to real-world HR problems.

Participant — Smart India Hackathon (SIH 2025)

Government of India | 2025

- Developed an AI-powered Resume Screening Tool using Python, Machine Learning, and NLP.
- Competed nationally against top engineering teams; enhanced rapid prototyping skills.

Participant — Smart India Hackathon (SIH 2024)

Government of India | 2024

- Participated in India's largest national hackathon organized by the Government of India.
- Worked on an innovative tech solution addressing a real government problem statement.
